DETAILED ACTION

1. Claims 1-15 and 17-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Vierling or German reference '515 or French reference '166.

With regard to claim 6, the French reference does not apply. With regard to claim 9, note cam 14 of French reference '166. With regard to claim 20, only Vierling applies.

2. Claim 16 is rejected under 35 U.S.C. 103(a) as being unpatentable over Vierling or German reference '515 or French reference '166.

With regard to claim 16, the design of the actuating means has not been proven to be critical to the operation of the system in comparison to the functionally equivalent actuating means 65, etc. of Vierling.

3. Claim 12 is rejected under 35 U.S.C. 112, second paragraph for being indefinite due to a lack of proper antecedents for "cam profile means".
